Dear Mr. Drasnin,

Thank you for your letter and the enclosed material. I want to congratulate you on the success of your production, which is really quite extraordinary. You remember my original doubts that it could be done at all, and that the response was so overwhelmingly positive is a real reward for your effort and confidence, and I hope it is also an encouragement to CBS to be daring.

I am still working on the last revisions of my book and the galleys, which I have to finish by the end of July. In case you should still think of the possibility of an interview which you had mentioned in our previous correspondence, I want to mention my own schedule, which is that I shall be free in Locarno from about 10th September to the end of October, then we go to Chile and from there back to Cuernavaca in the middle of December.

With warm regards, also from Mrs. Fromm.

Sincerely yours,

Erich Fromm
